

REMARKS

Specification Amendments

Applicants have amended the specification to update the cross-reference to related applications and correct minor, typographical errors. In particular, Applicants amended paragraph [0047] to change “10b” to “10L,” as Figure 10 contains images A-L; paragraph [0052] to include a reference to Figures 16A and B and include the text from originally filed Figure 16; and paragraph [0254] to correct an Accession number. Applicants have also replaced the Abstract. No new matter has been added.

Drawings

Applicants submit herewith formal drawings. Applicants believe these formal figures are in compliance with 37 C.F.R. § 1.84. Applicants respectfully request that the Examiner notify Applicants if there are any objections to these formal drawings.

Claim Amendments

Applicants have canceled claims 1-193 without prejudice or disclaimer to the subject matter therein. Applicants reserve the right to file one or more divisional and/or continuation applications to the subject matter of the canceled claims. Applicants have added new claims 194-233. Support for these claims may be found throughout the original application and claims as filed. *See e.g.*, pages 3-13, 31-50 and claims 14-30 and 143-149. No new matter has been added.

CONCLUSION

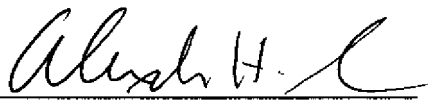

It is believed that this response will place this application in condition for allowance. A notice to that effect is respectfully solicited. If the Examiner has any questions relating to this response or the application, in general, he is respectfully requested to contact the undersigned so that prosecution of this application may be expedited.

Respectfully submitted,
